

See you in Stockholm for IDS13!

We are looking forward to meeting you in Stockholm for the 13th International Dendrimer Symposium, IDS13, where people from academia, industry, and clinical research will gather to shape the next chapter of dendritic polymer science. From molecular precision to clinical translation and industrial implementation, IDS13 connects fundamental chemistry with real-world solutions across medicine, materials, and technology.

Place: Stockholm, Sweden

Time: 30 September – 2 October 2026

Visit ids13.se for more info

Scientific Sessions

Synthesis & Characterization of Dendritic Polymers
Precision Nanomedicines & Biomedical Applications
Supramolecular Self-Assemblies & Networks
High-Performance Dendritic Materials
Translational Science & Innovation

Evening @ Stockholm City Hall

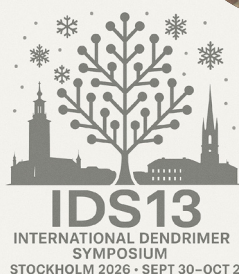

*Home of the
Nobel Prize Banquet*

Conference Dinner @ Villa Källhagen

*In the scenic Stock-
holm archipelago*

MARCUS WALLENBERG
FOUNDATION FOR INTERNATIONAL
SCIENTIFIC COLLABORATION

Local Organizing Committee:
Prof. Michael Malkoch, Dr. Linda Fogelström, Dr. Amene Ayane, Ms Liliana Hurtado, Dr. Niklas Viktor Warlin, Sandhya Hagelin (KTH Royal Institute of Technology)
